Topic: phpBB3toNuke Modifications

## 2 New Addons for phpBB3toNuke

### Enable HTML and Auto Groups MOD

Two new modifications available for download now. These mods are for use with phpBB3toNuke by [Nuke Korea Dev. Network](#). These mods are design for use with phpbb3 and have been converted to work with phpBB3toNuke. More modifications for phpBB3toNuke are on there way.

#### Enable HTML

Allows authorized users to post full HTML (including javascript) in posts/signatures. It has a new forum permission which allows you to specify specific users or groups who can post HTML in specific forums and a user permission which allows the posting of HTML in all forums.

#### Auto Groups MOD

Gives administrators options to place users in groups based on post count, membership days, and warning points. Auto Groups MOD by A\_Jelly\_Doughnut (Josh W). Loosely Based on the phpBB2 MOD of the same name by nils Converted by Affamole for use with phpBB3toNuke

There mods are available from our [downloads](#)
